

Newman International Academy Grant Program Public Review Policy

1. Include the topic on a Board meeting agenda (discuss at a public meeting).
2. Depending on the grant/program evaluation requirements, a specific survey may be sent to teachers, parents and/or students and other stakeholders to gather meaningful input.
3. Depending on the grant, a summary of the proposed grant may be posted on the website. If a summary is not posted, the public can obtain a copy of the specific federal grant application (required public disclosure) by emailing cwest@newmanacademy.org.
4. Newman will take into consideration public comments received and also any public comments made by participants who register to speak at the board meeting.
